

Northwell Health School Mental Health Partnership

A School District Collaborative

The **Northwell School Mental Partnership** is a new initiative between Cohen Children’s Medical Center and your school district. The partnership will help support your school to meet the mental health needs of all students. Our team works closely with the school counselors, psychologists, and social workers to help determine the various needs of students in the district.

We also provide access to a dedicated **Behavioral Health Center (BHC)** for students in crisis, in need of an evaluation, immediate treatment or connection to care in the community or at the hospital.

Our Behavioral Health Center at Mineola serves the North Shore Mental Health Consortium (Garden City, Great Neck, Herricks, Jericho, Locust Valley, Mineola, Roslyn, Sewanhaka, Uniondale) and the Behavioral Health Center at Rockville Centre (East Rockaway, Freeport, Hewlett-Woodmere, Lawrence, Oceanside, Rockville Centre, Valley Stream CHS, West Hempstead) serves the South Shore Mental Health Consortium and can be accessed by families directly as well as through referrals from their school.

The partnership will provide **community and professional education** and a close collaborative relationship between clinical and administrative teams of the participating districts and the Northwell Team.

Through the year you will be receiving a monthly **school mental health community newsletter** through the school, this is our way of communicating about our monthly events, workshops, and lectures. We will also share additional helpful resources for families.

We are committed to help improve the overall mental health of your school community and are looking forward to working together. We welcome your feedback and suggestions!
