## **INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED UPON PROCEDURES**

The Board of Education  
Jericho Union Free School District

We have performed the procedures enumerated below, which were agreed to by the Jericho Union Free School District (the "District"), solely to assist the District. This agreed upon procedures engagement was performed in accordance with auditing standards established by the American Institute of Certified Public Accountants and the applicable standards contained in Government Auditing Standards, issued by the Comptroller General of the United States. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

We have updated our June 2017 Risk Assessment by performing certain internal audit procedures pertaining to the time period starting July 1, 2017 through June 30, 2018. The updated Risk Assessment and related internal audit plan concentrates on the following key internal control areas:

- |                                       |                                |
|---------------------------------------|--------------------------------|
| • Governance and Planning             | • Fixed Assets                 |
| • Budget Development                  | • Food Service                 |
| • Accounting and Reporting            | • Extraclassroom Activity Fund |
| • Revenue and Cash Management         | • Information Systems          |
| • Grants                              | • Student Data Management      |
| • Payroll                             | • Pupil Personnel Services     |
| • Human Resources                     | • Transportation               |
| • Benefits                            | • Security and Safety          |
| • Purchasing and Related Expenditures | • Cyber Security               |
| • Facilities/Capital Projects         |                                |

We are available to discuss this report with the Board of Education or others within the District at your convenience.

Our engagement is limited in scope and will be confined to our agreed-upon procedures. We will not be conducting an audit or review of the district's financial statements and therefore we will not express an opinion or any other form of assurance on them.

At the end of our engagement, we will present the results of applying the agreed-upon procedures in the form of our findings in a report. Our report should be used only for the intent of the original users of this report, and will include a statement indicating that had we performed additional procedures, other matters might have come to our attention that would have been reported to you. As such, using this report for anything other than the original intent of the agreed-upon procedures could mislead the readers. You must notify us immediately if the original users of the report change.

Very truly yours,

***Nawrocki Smith LLP***

**Risk Assessment Overview**

This Risk Assessment report provides a presentation of our view of the school district's risk pertaining to its financial operations. It gives the District's administration the information necessary to help optimize its overall performance. The report identifies, expresses, and prioritizes the key program risks so that the District's administration can focus on those areas most critical to its success. This analysis is used to define the District's risk profile. It will provide an overview of the risks facing the District's operations.

In accordance with the laws of New York, 2005, Chapter 263, all school districts and BOCES were required to establish an internal audit function no later than July 1, 2006 and be in operation no later than December 31, 2006. This function should include, at a minimum, development of a risk assessment of district operations, including but not limited to:

- a review of financial policies, procedures and practices
- an annual review and update of such risk assessment
- annual testing and evaluation of one or more areas of the District's internal controls
- preparation of reports which analyze significant risk assessment findings
- recommended changes for strengthening controls and reducing identified risk; and specifying time frames for implementation of such recommendations

Pursuant to Section 170.12 – Regulations of the Commissioner of Education – School District Financial Accountability, each school district must prepare a corrective action plan, approved by the Board of Education in response to findings to final reports issued by the internal auditor. This plan should include expected dates of implementation and should be filed with the New York State Education Department.

**Internal Audit Objectives**

The objectives of our engagement are as follows:

- develop an understanding of the critical business processes of the District within each functional area
- identify and qualify risks based on the understanding of the business processes and stated business rules
- identify stated controls that are currently in place to address those risks and ascertain if they are operating effectively
- recommend improvements in internal controls

**Scope and Methodology**

The Board of Education has engaged Nawrocki Smith as the District's internal auditor. In compliance with New York State Laws, we have performed an annual update to the District risk assessment with respect to policies, procedures, and internal controls pertaining to District operations. The procedures applicable to the annual update of the District's risk assessment were performed during the fiscal year ending June 2018 and were carried out in order to determine an internal audit plan for fiscal year 2018/2019 and thereafter. This risk assessment will be updated annually to reflect any changes in the current control environment and the existing internal audit plan.

Our risk assessment consisted of the following methodology:

- Perform interviews of Administration and other appropriate personnel
- Document procedures within key functional areas
- Identify key controls and perform audit tests of those controls
- Assess effectiveness of the key controls
- Identification and review of organization structure
- Analysis of risks that are a threat to the achievement of objectives
- Create a risk profile and internal audit plan

In addition to the above procedures, we have also evaluated and considered the following within our overall risk assessment:

- District policies and procedures
- Recent focus of State Comptroller Audits
- Board of Education/Audit Committee meetings
- Materiality to Financial Statements
- Changes in management or key personnel
- Financial reports provided to the Board
- External auditor management letters
- District corrective action plans
- Organizational chart and job descriptions

**Internal Audit Risk Assessment Update Summary**

We have analyzed nineteen (19) Business Process areas within the District and have developed an internal audit plan based upon our assessment of each area. Each of the nineteen (19) Business Processes contains multiple categories for which an extensive cycle analysis will be performed during the proposed time period noted within the risk rating and internal audit plan. The plan as presented will be revised each year based upon the annual risk assessment update and events/requests that occur during the year which impact the priority of future internal audit services.

The results of our update risk assessment are summarized below and in the tables presented on pages 5 through 6. We have utilized a “Low,” “Moderate,” and “High” control risk rating assessment scale of the District.

**Current Year Rating**

<b><u>Rating</u></b>	<b><u>Count</u></b>	
High	-	0.0%
Moderate	3	3.6%
Low	80	96.4%
<b>Total</b>	<b>83</b>	<b>100.0%</b>
